

## COVID-19 Precautionary Planning 5/19/2022

Hello Vista Families,

Over the past few weeks, we have noticed an increase in positive Covid-19 cases in the Long Beach community as well as in the local hospitals. In an effort to keep the residents and staff safe in the community we will be reinstating a few covid-19 precautionary measures around the community.

- Daily temperature checks (they will be going around early to check residents before they begin getting out of the rooms)
- Weekly Testing for Residents who have not received their Covid-19 Booster
- Staff to wear continue to wear mask while in the building
- Encouraging residents to wear face coverings while out of the room
- Visitation
  - **ALL VISITORS ARE EXPECTED TO SHOW PROOF OF COVID-19 VACCINATION OR NEGATIVE COVID TEST WITHIN THE LAST 48HRS FOR EACH VISIT**
  - **Private Rooms:** Visits will be allowed in the room with face covering
  - **Shared Rooms:** Visits will be allowed in the Courtyard
  - **Memory Care:** Visits will be allowed in the courtyard
  - **Medical Visits:** All medical visits will be allowed within the community

In increasing our precautionary measures, our goal is to ensure all resident are safe and we are able to continue to keep Covid out of the community.
